ABOUT THE EVENT

NIErnaya is a college-level data analytics and visualization hackathon organized by the Department of Computer Science and Engineering, The National Institute of Engineering, Mysuru.

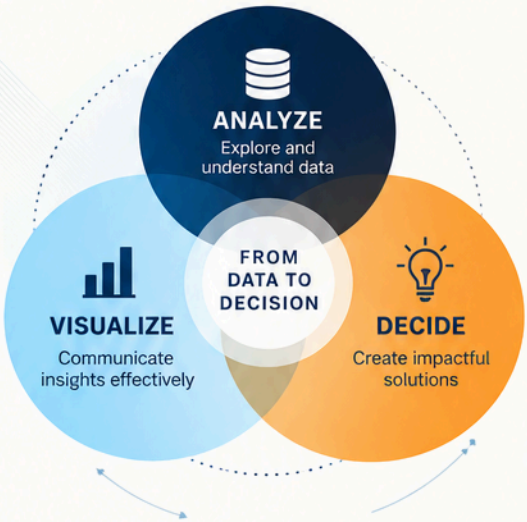

The event brings together curious minds to explore real-world problems, work with data, and convert insights into impactful solutions. Through a series of challenging phases, participants will analyze, ideate, visualize and present data-driven solutions, gaining hands-on experience in the complete journey from data to decision.

EVENT THEME

DATA TO DECISION

Data has the power to reveal patterns, solve problems and drive meaningful change. This theme challenges participants to go beyond analysis — to use data as a tool for informed decisions, real-world impact and innovative solutions.

WHY PARTICIPATE?

REAL-WORLD EXPOSURE
Work on practical problems using real data

LEARN & COLLABORATE
Team up with peers across branches

BUILD KEY SKILLS
Strengthen your analytical, visualization and problem-solving abilities

MAKE AN IMPACT
Present solutions that can create meaningful change

EVENT PHASES

THREE PHASES | ONE JOURNEY | FROM DATA TO DECISION

Explore. Analyze. Visualize. Decide.

01 PHASE 1

DATA HUNT

FIND | EXPLORE | UNDERSTAND

Participants will be given problem statements and real-world datasets. Teams will explore the data, understand the problem domain and identify key insights and opportunities.

DATE
2 NOVEMBER 2026

KEY ACTIVITIES

- Introduction to problem statements
- Dataset exploration
- Understanding key challenges
- Initial idea formulation

02 PHASE 2

DATA LAB AND VISUALIZATION WAR

ANALYZE | VISUALIZE | BUILD

Teams will clean, analyze and visualize the data to derive meaningful insights. Participants will develop data-driven solutions using analytics and visualization tools of their choice.

DATE
6 NOVEMBER 2026

KEY ACTIVITIES

- Data cleaning and preprocessing
- In-depth analysis
- Interactive visualizations
- Solution development

03 PHASE 3

LIVE DATA BATTLE

PRESENT | DEFEND | IMPACT

Teams will present their complete solutions to a panel of evaluators. Participants will explain their approach, showcase insights, demonstrate impact and defend their ideas.

DATE
13 NOVEMBER 2026

KEY ACTIVITIES

- Final solution presentation
- Interaction with judges
- Q&A and idea defence
- Evaluation and announcement of winners
